Chemotherapy Spill Clean-Up Kit

Directions for use:

1. Put on disposable Gloves, Gown, Shoe Covers and Safety Shield.

 Sprinkle Green-Z[®] over spill evenly and allow liquid to congeal for safe handling.

3. Remove collected material with Scoop and Scraper and place in Red Biohazard Bag.

5. Wipe up any residue left behind with supplied Wiper Pads. Clean area with a hard surface wipe or disinfectant.

- 6. Remove protective clothing and place all contaminated materials (Wiper Pads, Gloves, Gown, Shoe Covers and Shield) in supplied Red Biohazard Bag. Seal bag with supplied Twist Tie.
- 7. Fill out Identification Tag and attach. Dispose of bag in accordance with local, state, and federal regulations.
