# ISO-SHIELD® 1200ml SANITIZING SOAP + FOAM DISPENSERS

ISO-SHIELD® manual and automatic, hand sanitizing soap + foam dispensers use a bag type refill that simplifies replacement and reduces waste. Our ISO-SHIELD® dispenser delivers a premeasured amount of foam or liquid sanitizer per application – giving approximately 3000 uses per refill bag. The front sight window shows the level of sanitizer remaining. The added capacity of 1200ml refill bags reduces costs by 20%.

Manual

Automatic

- Pre-measured hand sanitizer soap + foam per use
- Up to 3000 uses per refill bag
- Long lasting push-style pump dispensing mechanism
- Easy-to-replace refill bags, no contamination

- Easy attach to any wall surface in minutes
- 4 Refill bags come in a convenient pack
- Optional attachable spill tray
- Optional portable floor stand
